

ROBERT KIYOSAKI'S PATH TO FINANCIAL FREEDOM

HOW TO BREAK THE RULES AND BECOME RICH!

ROBERT KIYOSAKI'S PATH TO FINANCIAL FREEDOM

Participant Workbook

In “Robert Kiyosaki’s Path to Financial Freedom,” Robert shares his personal story and what drove him to start the Rich Dad Company. By remaining true to his mission, Robert has not only been able to create his own wealth, but has helped others “break the rules” which have kept them stuck in financial ruts for years.

Today’s educational system doesn’t equip people for financial success and in this event, Robert will show you how your education and “mission” will help you become rich.

To gain the full benefit of the event, we are providing this workbook to help you capture important points, record notes that you may want to reference for future use, and create a plan of action to implement what you learn.

Instructions: As you watch the event, watch for messages on the screen to help you answer the questions below. Recording your answers will help you retain what Robert Kiyosaki is teaching and solidify your financial education.

Also, use the “Think About It” sections after the event to reflect on specific points made during the event and what you will do about it.

HOW TO BREAK THE RULES AND BECOME RICH

1. When you have a _____, you stop being a _____.
2. An _____ solves problems.

THINK ABOUT IT

Your ability to solve problems extends beyond the marketplace. You need to solve problems for yourself as well.

What problems are you facing financially? What solutions have you tried in the past? What did you learn from these attempts?

Notes

Notes

3. _____ increase spirit.

4. According to the event, what is the Rich Dad Mission?

5. What are the 4 points or “types” of education?

THINK ABOUT IT

A financial education is a correct understanding of how money works.

Unfortunately, many of the educational systems today teach little to nothing about money. And for those schools that do “teach” their students about money, it is usually an outdated set of rules that will keep them stuck in the rat race.

Because of this, becoming financially educated is often a self-directed pursuit. You need to be in charge of your own education.

In the space below, list the financial topics on which you would like to further your education. Then, list the sources from which you can gain that education. Be sure to list sources that will teach how the rich approach these topics and not how the poor and middle-class do.

Notes

6. A _____ is a principle that is true in all cases.

7. The key to success is _____.

8. The best teachers are those who have done _____.

9. “Who is your _____?”

10. Most people are _____ enough to be rich. They’re just
too _____.
