REAL ESTATE: THE RICH DAD WEALTH MACHINE

Participant Workbook

In "Real Estate: The Rich Dad Wealth Machine," Robert Kiyosaki, along with his Rich Dad Advisors, Ken McElroy, Garrett Sutton, and Tom Wheelwright, outline the benefits of real estate investing and share how to achieve infinite returns by using debt to buy real estate. In addition, they'll explain how the "rules" for the rich are different than those for the poor and middle class.

To help you get the maximum benefit from the event, we are providing this workbook to help you capture important points, record notes that you may want to reference for future use, and create a plan of action to implement what you learn.

Instructions: As you watch the event, watch for messages on the screen to help you answer the questions below. Recording your answers will help you retain what Robert Kiyosaki and his Advisors are teaching and solidify your financial education.

Also, use the "Think About It" sections after the event to reflect on specific points made during the event and what you will do about it.
